The McKenzie Difference

Serving families since 1946, the McKenzie Family & their staff take great pride in helping and honouring families on the North Shore. We believe that if someone you loved has died that you should know who would be looking after and caring for them.

This is why we always tell family's that if they call or meet with us for the first time that they will be speaking with one of our family members. We truly bring a family approach to caring for your family. Here are some of the ways we are different from other funeral providers.

- **Availability of Funeral Directors:** By using our Simpler Times Online Arrangement Package you will have online and phone consultation with our funeral directors and family members. Either my calling 604-926-5121 or emailing vancouver@simplertimes.com.
- **The deceased will always come to our Funeral Home:** Not a warehouse. Many funeral providers rent out warehouses or other facilities to shelter the deceased. Your loved one will always come back to our funeral home.
- **Owned & Operated Crematorium:** We do not use a third party for our cremations. Our crematorium is located in the Garibaldi Highlands in Squamish, B.C. . You can rest assured our staff handles every cremation and you know where your loved one is at all times.
- **Professional Service:** Nobody likes death, nor having to make funeral arrangement? Our approach is to help guide you through your decisions and answer any questions you might have. This way you can make the right choice for you and your family. We do not upsell our services, this is one reason why you can find our prices online and know who we are before you meet with us.
